**April 17 - 22, 2017**

**Thanks for registering to host an event for the #WeBelongTogether Kids Week of Action!**

Young people are standing up for their families, their friends and their future. Trump and his ICE agents are trying to tear parents away from their children in mass immigration raids. Politicians and police are criminalizing Black youth and stealing away our friends and family. And Trump's Muslim ban threatens the survival of refugee kids. But we are standing up for one another.

We know that the voices of children and youth are particularly powerful; their future is at stake.

That's why kids from Florida, New York, Colorado, New Jersey, Maryland, Virginia, and North Carolina are spending their spring break traveling to DC and joining with local youth to stand up to Trump's bullying. When they get to DC on April 13th they will create a giant interlocking circle in front of the White House to demonstrate our unity and refusal to be divided.

Join us by taking action in your home town during the week of April 17 - 22. Together we will create a chain of unity circles across the country in schools, City Halls, Congressional offices, places of worship, parks, and other symbolic locations. These actions will demonstrate young people's unity and power and will call upon local leaders to stand strong against dangerous policies that threaten to tear our communities apart.

This toolkit contains ideas and resources to help you plan your event. Check out [www.webelongtogetherkids.org](http://www.webelongtogetherkids.org) for updates about the Kids Week of Action.

## How to share your action on social media

Together we can maximize our impact by sharing photos and stories on social media using the hashtag **#WeBelongTogether!** Elected officials and the press will see that kids all over the country are taking action to stand up for their families, friends, and futures. And our actions will be impossible to ignore. Here's what you can do to maximize our impact:

1. Take lots of photos of your action or event -- make sure that the kids demonstrating unity (holding hands, supporting one-another etc.) are front and center in your photos. Use lots of colorful visuals if you can. Print out copies of the We Belong Together Kids Action posters and make sure that kids are holding them in the photos you take. You can also encourage kids to make hand-lettered signs with their hopes and demands and the hashtag #WeBelongTogether.
  2. Make sure to keep your tone positive and kid-focused. Talk about how kids are taking action to fight for the families, their friends, and their future and how they are showing all of us the way towards a future we can all believe in.
  3. Post your photos on Facebook, Instagram and Twitter using the hashtag #WeBelongTogether. On Twitter, tag @WomenBelong and we'll make sure to retweet. On Facebook, tag @We-Belong-Together-207549645977714 and we'll be sure to like and share. On Instagram tag @we\_belong\_togethr\_ and we'll like your photos!

## How to create a #WeBelongTogether Unity Circle with kids and youth in your community

1. Form a circle linking arms around a space you seek to make safe and welcoming for all.
  2. Recite the We Belong Together chant as a group. You can also invite kids and youth to add their own lines to the chant.
  3. Give participants in the circle an opportunity to express their commitment to keeping the circle together (for example: not letting Trump or other officials take their friends or loved ones away; not letting their neighbors live in fear because of hate and racism).
  4. Invite local leaders to join the circle - teachers, school officials, faith leaders, Mayors, City Council members, and others - and commit to enacting or fighting for policies that support and defend young people in their communities and others being targeted.

### VERSION 2 for Members of Congress:

Dear Representative [NAME],

I would like to invite you to join us in supporting the *We Belong Together Kids Caravan*, where 40 children and youth of color will journey on a bus from Miami to Washington, DC to call on elected officials to stand with kids in creating a welcoming country.

Young people are standing up for their families, their friends and their future. The Trump Administration's immigration policies systemize family separation, further criminalize Black youth and the travel ban threatens the survival of refugee children around the world.

We know that the voices of children and youth are particularly powerful; their future is at stake. That is why children and youth from Florida, New York, Colorado, New Jersey, Maryland, Virginia and North Carolina will spend their spring breaks traveling to DC and joining with local youth to stand up to the bullying of the Trump Administration. They will arrive in DC on April 13th and create an interlocking circle in front of the White House to demonstrate their unity and refusal to be divided.

During the week of April 17-22, there will be a *National Week of Action* and local communities around the US will create chains of unity circles in schools, City Halls, Member offices, places of worship and other locations. These actions will demonstrate young people's power to stand up to bullying and call on local communities to stand strong against dangerous policies that threaten to tear our communities apart.

Some examples of how you can support the *We Belong Together Kids Caravan and National Week of Action* include:

- Sending a video message of support to the Caravan and DC action participants;
- Making public statements supporting the Caravan and the importance of children and youth raising their voices for unity and welcoming;
- Participate in unity actions in-district during the week of April 17th-22nd; and
- Join the unity circle in DC on April 13th at 1pm in Lafayette Park.

Please let me know if you would like to support this important event or if you need any further information. Looking forward to partnering with you.

Sincerely,
